Claims 6-25:

Claims 1-5. Canceled.

6. (New) Gaming machine, comprising
a gaming machine cabinet (10) and a doorframe (15) attached thereto,
at least two display monitors (28a, 28b) affixed to said doorframe (15) or
said gaming machine cabinet (10) to be viewable through at least one opening (17a,
17b) in said doorframe (15) when said doorframe (15) is in closed position, wherein
said two display monitors (28a, 28b) are positioned one above the other at
an obtuse angle relative to each other, and
said doorframe (15) is provided below said two display monitors (28a, 28b)
with a game control panel (20) running from one edge of the doorframe (15) to the
other.

7. (New) Gaming machine according to claim 6, wherein said game
control panel (20) is inclined with respect to the two display monitors (28a, 28b)
positioned above said game control panel (20).

8. (New) Gaming machine according to claim 6, wherein said two
display monitors (28a, 28b) are affixed to said doorframe (15) and said doorframe
(15) is supported on said gaming machine cabinet (10) by a hinge to open and

close said doorframe together with the two display monitors (28a, 28b) affixed thereto, relative to said gaming machine cabinet (10).

9. (New) Gaming machine according to claim 6, wherein said doorframe (15) comprises two separate open portals (17a, 17b) with an obtuse angle therebetween to allow viewing of the two display monitors (28a, 28b).

10. (New) Gaming machine as claimed in claim 6, comprising one open portal (32) provided for at least two display monitors, said open portal including a section (32a, 32b) for each display means to be viewed therethrough,

each section having a pair of left and right sides being substantially equal in angle, and

a pair of top and base sides being substantially horizontal,

either the top or base side of each section being substantially shared by another section of said open portal, and

said pair of left and right side angles for each section at an obtuse angle to at least one other section of said pair of left and right sides when said doorframe (15) is viewed from the front.

11. (New) Gaming machine as claimed in claim 6, wherein said doorframe (15) has more than one open portal to view said at least two display monitors,

each open portal (17a, 17b) has a pair of left and right sides being substantially equal in angle, and a pair of substantially horizontal top and base sides, and

each open portal of said pair of left and right sides being at an obtuse angle to at least one other open portal of said pair of left and right sides when said doorframe is viewed from the front.

12. (New) Gaming machine as claimed in claim 5, wherein access to said at least two display monitors (28a, 28b) is achieved only by opening said doorframe (15).

13. (New) Gaming machine according to claim 7, wherein said two display monitors (28a, 28b) are affixed to said doorframe (15) and said doorframe (15) is supported on said gaming machine cabinet (10) by a hinge to open and close said doorframe together with the two display monitors (28a, 28b) affixed thereto, relative to said gaming machine cabinet (10).

14. (New) Gaming machine according to claim 13, wherein said doorframe (15) comprises two separate open portals (17a, 17b) with an obtuse angle therebetween to allow viewing of the two display monitors (28a, 28b).

15. (New) Gaming machine according to claim 7, wherein said doorframe (15) comprises two separate open portals (17a, 17b) with an obtuse angle therebetween to allow viewing of the two display monitors (28a, 28b).

16. (New) Gaming machine according to claim 8, wherein said doorframe (15) comprises two separate open portals (17a, 17b) with an obtuse angle therebetween to allow viewing of the two display monitors (28a, 28b).

17. (New) Gaming machine as claimed in claim 16, comprising one open portal (32) provided for at least two display monitors, said open portal including a section (32a, 32b) for each display means to be viewed therethrough,

each section having a pair of left and right sides being substantially equal in angle, and

a pair of top and base sides being substantially horizontal,

either the top or base side of each section being substantially shared by another section of said open portal, and

said pair of left and right side angles for each section at an obtuse angle to at least one other section of said pair of left and right sides when said doorframe (15) is viewed from the front.

18. (New) Gaming machine as claimed in claim 7, comprising one open portal (32) provided for at least two display monitors, said open portal including a section (32a, 32b) for each display means to be viewed therethrough,

each section having a pair of left and right sides being substantially equal in angle, and

a pair of top and base sides being substantially horizontal,
either the top or base side of each section being substantially shared by
another section of said open portal, and
said pair of left and right side angles for each section at an obtuse angle to
at least one other section of said pair of left and right sides when said doorframe
(15) is viewed from the front.

19. (New) Gaming machine as claimed in claim 8, comprising
one open portal (32) provided for at least two display monitors,
said open portal including a section (32a, 32b) for each display means to be
viewed therethrough,

each section having a pair of left and right sides being substantially equal in
angle, and

a pair of top and base sides being substantially horizontal,
either the top or base side of each section being substantially shared by
another section of said open portal, and
said pair of left and right side angles for each section at an obtuse angle to
at least one other section of said pair of left and right sides when said doorframe
(15) is viewed from the front.

20. (New) Gaming machine as claimed in claim 13, comprising
one open portal (32) provided for at least two display monitors,
said open portal including a section (32a, 32b) for each display means to be
viewed therethrough,
each section having a pair of left and right sides being substantially equal in
angle, and
a pair of top and base sides being substantially horizontal,
either the top or base side of each section being substantially shared by
another section of said open portal, and
said pair of left and right side angles for each section at an obtuse angle to
at least one other section of said pair of left and right sides when said doorframe
(15) is viewed from the front.

21. (New) Gaming machine as claimed in claim 7, wherein
said doorframe (15) has more than one open portal to view said at least two
display monitors,
each open portal (17a, 17b) has a pair of left and right sides being
substantially equal in angle, and a pair of substantially horizontal top and base
sides, and
each open portal of said pair of left and right sides being at an obtuse angle
to at least one other open portal of said pair of left and right sides when said
doorframe is viewed from the front.

22. (New) Gaming machine as claimed in claim 8, wherein
said doorframe (15) has more than one open portal to view said at least two
display monitors,

each open portal (17a, 17b) has a pair of left and right sides being
substantially equal in angle, and a pair of substantially horizontal top and base
sides, and

each open portal of said pair of left and right sides being at an obtuse angle
to at least one other open portal of said pair of left and right sides when said
doorframe is viewed from the front.

23. (New) Gaming machine as claimed in claim 13, wherein
said doorframe (15) has more than one open portal to view said at least two
display monitors,

each open portal (17a, 17b) has a pair of left and right sides being
substantially equal in angle, and

a pair of substantially horizontal top and base sides, and

each open portal of said pair of left and right sides being at an obtuse angle
to at least one other open portal of said pair of left and right sides when said
doorframe is viewed from the front.

24. (New) Gaming machine as claimed in claim 23, wherein access to
said at least two display monitors (28a, 28b) is achieved only by opening said
doorframe (15).

25. (New) Gaming machine as claimed in claim 20, wherein access to said at least two display monitors (28a, 28b) is achieved only by opening said doorframe (15).
